Summary — Full Stack Developer with strong frontend expertise in React.js, JavaScript, and Tailwind CSS, along with backend experience in Node.js, Express.js, and MongoDB. Skilled in building responsive web applications, RESTful APIs, authentication systems, and modern user interfaces. Passionate about creating seamless user experiences and developing scalable full-stack solutions.

Skills

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS
Backend: Node.js, Express.js
Database: MongoDB, MySQL

Authentication: JWT, RBAC
Tools: Git, GitHub, Postman
Other: Socket.IO, REST APIs

Experience

Full-Stack Web developer Intern | Unified Mentorship

APR 2026 – Present

- Developing full-stack web applications using React.js, Node.js, Express.js, and MongoDB.
- Implementing REST APIs, authentication systems, and database operations.
- Building responsive user interfaces and integrating frontend components with backend services.
- Collaborating on project development, debugging, and feature enhancements.

Projects

Co-Living Space & Roommate Management Platform | MERN Stack

- Developed a full-stack co-living platform enabling tenants, property owners, and administrators to manage accommodation, bookings, and communication within a unified system.
- Implemented JWT-based authentication and role-based access control (RBAC) to secure user-specific features and administrative operations.
- Built end-to-end property, room, booking, review, and feedback management modules using React, Node.js, Express.js, and MongoDB.
- Integrated Socket.IO for real-time messaging between tenants and property owners, improving communication and booking coordination.
- Designed roommate matching functionality based on lifestyle preferences, including food habits, cleanliness, sleep schedules, and gender preferences.
- Developed responsive dashboards for tenants, owners, and administrators with analytics and management capabilities.
- Created and optimized RESTful APIs, MongoDB schemas, and data relationships to support scalable application workflows.
- **Tech Stack :** React.js, Node.js, Express.js, MongoDB, JWT, Socket.IO, Tailwind CSS
- **Live Demo :** <https://the-starks.vercel.app>
- **GitHub :** <https://github.com/captainuman/coliving-platform>

Education

Bachelors in Computer Applications (BCA)

Government First Grade College, Tiptur

2022 - 2025 | 86%

Pre-University Course (Science - PCMB)

Kalpataru pre university college, Tiptur

2019 – 2021 | 74%

Achievements & Activities

- Secured Rank 221 in Karnataka PG CET.
- Four-time District Level Throwball Champion.
- Competed in Science Exhibition on Regional Level.
- Participated and won in Debate Competition.
- Organized College IT Fest 2023-24.
